APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion and place of use of the waters of an underground source as heretofore granted under Permit 60020 is issued subject to the terms and conditions imposed in said Permit 60020 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a measuring device must be installed in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The total combined duty of water under Permits 63113, 63117 and 63341 shall not exceed 503.24 acre-feet annually for the irrigation of 125.81 acres within the S $\frac{1}{2}$  of the NW $\frac{1}{4}$  Section 11, T.5N., R.66E., M.D.B&M.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

Any well drilled under Permit 60020 shall be plugged in accordance with the Nevada Administrative Code, Chapter 534.420, "Regulations for Water Well and Related Drilling" within 60 days from the issuance of this permit.

(CONTINUED ON PAGE 3)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.3309 cubic feet per second, but not to exceed 175.22 acre-feet annually, and not to exceed a yearly duty of 4.0 acre-feet per acre of land irrigated from any and/or all sources.

Work must be prosecuted with reasonable diligence and be completed on or before:

June 21, 2000

Proof of completion of work shall be filed before:

July 21, 2000

Water must be placed to beneficial use on or before:

June 21, 2001

Proof of the application of water to beneficial use shall be filed on or before:

July 21, 2001

Map in support of proof of beneficial use shall be filed on or before:

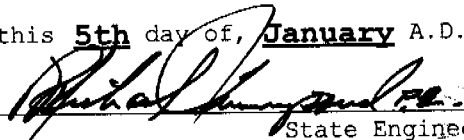

July 21, 2001

IN TESTIMONY WHEREOF, I, R. MICHAEL TURNIPSEED, P.E.,

State Engineer of Nevada, have hereunto set

my hand and the seal of my office,

this 5th day of, January A.D. 2000

  
State Engineer

Completion of work filed JUN 13 2001
